ABOUT ME

Hello, I'm Beydah, a **software developer** with diverse GitHub projects. Exploring **Front-End** and **Back-End**, **seeking internships**, and eager to collaborate. Contact: info.beydahsaglam@gmail.com or LinkedIn. Have a great day!

WORK EXPERIENCE

Business Developer
AIESEC [06/2023 – 09/2023]

City: Istanbul
Country: Türkiye

In this role, I **managed company data**, handled **data processes**, contributed to business events, and collaborated on **digital strategy development** with the marketing team.

Skills: Corporate Communication · **Data Entry** · Data Management · **Meeting Planning** · Marketing Strategy

Software Developer
Fintorly [09/2022 – 04/2023]

City: Istanbul
Country: Türkiye

I joined to apply and enhance my university-learned skills in **C#, .NET**, and **Back End Development**, actively contributing to projects and honing my software abilities.

Skills: .NET · C# · Notion · **Git** · Background in **Web Development**

PROJECTS

Open Source Hospital Database

The Open Source Hospital Database Design project aims to create a database solution for **managing hospital operations** and **storing hospital data efficiently**
